❖ Main application & Characteristics:

Moplen HP500J is a polypropylene homo-polymer for injection moulding applications.

Moplen HP500J combines high stiffness & fairly good impact strength with good process ability.

The grade is suitable for a wide range of applications such as house wares, caps, closures, small containers, toys ,parts for small appliances & components for the automotive industry.

Moplen HP500J is also used for compounding.

* Moplen HP500J is suitable for food contact.
